Skeptics contend that no evidence has ever been found for huge numbers of people crossing the wilderness or a mighty sea. Does the lack of evidence at the traditional sites mean the events didn't happen, or might we have been looking in wrong places all along?

Join investigative filmmaker Tim Mahoney in the next chapter of the series as he retraces the steps of Moses and the Israelites, looking for answers in *Patterns of Evidence: The Red Sea Miracle Part 1* - Only One Night February 18 in over 800 Theaters Nationwide. *Part 2* will be showing May 5, 2020 also in theaters nationwide.

Hear ideas from all sides of the debate as you journey back to the lands of the Bible in search of answers to one of the Bible's biggest mysteries; where is the lost sea of the Exodus, and what really happened there? Can a patterns approach help to solve the problem?

An engaging panel discussion with Ken Ham, Kay Arthur, Janet Mefferd, Jeremy Lyon and Todd Starnes will follow the theater showing. Plan to attend the Fathom Event.

"I've worked in a ministry that deals with the Bible's history for 30 years. So, it is rare that I get a shot of excitement when I watch a film that attempts to cover such topics. One of the best documentaries I've seen on the Bible's history in years."
